ASSESSMENT PAPERS PAPER TWO What is a Paper Two? Paper Two is externally marked and completed during the examination session. It is worth 25% of your grade for this subject. Paper Two is based on Part Three of the course – Texts and Contexts. You study three novels at Higher Level and Two at Standard Level. OUR TEXTS: The Reader by Bernhard Schlink The Merchant of Venice by William Shakespeare 1984 by George Orwell (HL only) Each school selects their own texts and the questions that you will see in the examination are generic. They can be answered by referring to two of the texts that your school has studied. At both HL and SL you must write a comparative essay and refer to two of the texts. The essay must examine the text in the context that it was written... as we are reading our novels you will see how the ideologies of a particular time period have an impact on the content of the novel. The types of questions you can expect are: Which social groups are omitted from a text, and what might this reflect about its production? What do you think of the assertion that the meaning of a text is fixed and does not change over time? How does a particular term or concept, such as childhood, change in the way it is represented in the texts you have studied How is our critical perspective on literary texts affected by cultural practices? To what purpose do authors sometimes choose not to follow a chronological sequence of events in their literary works? How valid is the assertion that literature is a voice for the oppressed? To what extent is the critical approach taken to the analysis of a text itself influenced by specific cultural practices? But having seen a past paper beforehand will be a huge advantage: you'll know the format of the test cold and be used to the length and style of the test. In this article, we'll get you familiar with the exam format by exposing you to IB Biology past papers. We'll also share strategies on how best to use these IB Biology tests for your own exam prep. 2022 IB Exam Changes Due to COVID-19 Because of the ongoing COVID-19 (coronavirus) pandemic, the IB has decided to extend the adaptations which were put in place for 2021 to 2022. May 2022 IB assessments will have two routes, exam and non-exam, depending on which your school chooses. Stay up to date with the latest information on what this means for IB diplomas, course credit for IB classes, and more with our our IB COVID-19 FAQ article. Where to Find Free Past Papers In the last few years, IBO has gotten tough on illegal uploads of past papers, with the result that many sources are no longer available. Unfortunately, IBO has yet to provide any free sample Biology papers (SL or HL) on its website (although we'll be sure to update this article if and when that does happen). Because of this, while you might find some results if you search around online for past IB Biology papers, it's difficult to know if they're real past papers (illegally uploaded) or unofficial (ones created from scratch by students for practice). You should be wary of any unofficial IB Biology papers you find. We don't recommend using them, as they may be very different from the actual IB Biology exam. Where to Find Paid Tests The Follet IB store sells digital versions of the IB Biology SL past papers and IB Biology HL past papers from 2015 to 2021. This is the only safe place to get IB Biology past papers to download. Each paper and each mark scheme cost \$3-\$4, so one full exam (including paper 1, paper 2, paper 3, and the mark schemes) will cost you about \$21-\$24. Buying all of the past papers and mark schemes is costly, so we recommend just purchasing the one or two most recent complete past papers. These tests will be the most similar to what you'll be tested on. Plus, for most students, two tests will be plenty of practice. 3 Tips to Use IB Biology Past Papers Effectively Each IB Biology practice test will take 3 hours for SL or 4.5 hours for HL, so it's crucial that you get the most out of each test (since you will probably not have time for very many of them). Here are critical strategies to keep in mind when you're taking the tests: #1: Take Papers 1 and 2 In One Sitting, if Possible IB Biology SL and IB Biology HL papers 1 and 2 are given back to back, forcing you to write for two hours for SL and three hours and 15 minutes for HL. You need to build up endurance, so you don't make careless mistakes when you are exhausted at the end of paper 2. By taking the IB Biology practice exam in one sitting, you build up important endurance for the real papers. If you don't have time in your schedule for a two-hour or three-hour 15-minute session, then splitting the papers up over a few days is fine. Just make sure you follow the next rule: #2: Keep Strict Timing on Each Paper With a Timer It is vital that you get used to the timing pressures on the IB Biology papers. Here is the time allotted for each paper: IB Biology SL IB Biology SL Paper 1—45 minutes IB Biology SL Paper 2—1 hour 15 minutes IB Biology SL Paper 3—1 hour IB Biology HL IB Biology HL Paper 1—1 hour IB Biology HL Paper 2—2 hours 15 minutes IB Biology HL Paper 3—1 hour 15 minutes In this time frame, you need to finish: IB Biology SL SL Paper 1: 30 multiple-choice questions SL Paper 2: 4 short responses and 1 essay question (you choose between 3 options) SL Paper 3: 6 short response questions that each can have between 2-5 parts IB Biology HL HL Paper 1: 40 multiple-choice questions HL Paper 2: 4 short response questions that each can have between 3-10 parts and 2 essay questions (you choose between 4 options) HL Paper 3: 7 or more short response and essay questions (varies based on the options that you covered in your class). Do not give yourself even two extra minutes during your practice —this can allow you to answer more questions and improve your IB exam score substantially. You want to use these practice tests as reliable indicators of your real IB Biology score, not as a way to falsely boost your sense of progress. #3: Review Your Answers From Your Practice Test At the end of every practice exam, make sure you review every mistake you made, and every question you were unsure of. If you skip this step in the process, you're not going to learn from your mistakes, and you'll continue making them on the next tests. You should spend at least 1.5 hours reviewing every full practice exam. This may feel like a lot of time, but emphasize quality of learning over quantity of learning. I'd rather see you take two exams with detailed review than five exams with no review. What's Next?
